PROFESSIONAL EXPERIENCE

Ciena <i>Software Developer, Front-End UI/UX Co-op</i>	<i>Sept 2024 - Apr 2025</i> <i>Kanata, ON</i>
- Built and optimized front-end features for the Navigator Network Control Suite using Ember.js and TypeScript, improving usability and maintainability across core workflows. - Developed a reusable filtering and preset system adopted across recurring table views, enabling async search, contextual filters, and saved user profiles for faster configuration. - Resolved conflicts between presets and existing local storage by adding conditional persistence, ensuring consistent state when switching between saved presets and manual edits. - Improved dashboard reliability under incomplete or delayed service data by adding error boundaries, empty states, and recovery logic, strengthening fault tolerance.	
Ross Video <i>Software Developer Co-op - C</i>	<i>Sept - Dec 2023</i> <i>Ottawa, ON</i>
- Rectified 2 critical crashes in the serial interface of the AMP protocol for Ultrix Acuity switchers, directly benefited 3+ customers who were previously blocked from using the protocol. - Developed a crucial Docklight-based video server simulator with automated VBScript responses enabling full AMP protocol testing without hardware, establishing the standard tool for all future serial validation. - Optimized EncoDAD audio protocol custom controls by fixing a critical issue and enhancing the C-based UI to allow targeting specific machines for greater flexibility and efficiency.	

ADDITIONAL EXPERIENCE

ULM Promotions <i>Managing Partner</i>	<i>June 2023 - Nov 2024</i> <i>Toronto, ON</i>
- Founded and operated an online advertising service specializing in real estate marketing. - Implemented a streamlined lead process with personalized calls and data-driven qualification, efficiently managing hundreds of ad leads to consistently deliver 5+ highly qualified clients monthly. - Successfully initiated business operations through effective cold calling using the SOAR sales model and personalized communication, showcasing strong sales skills and the ability to connect with clients.
